

FY2007 overview

In Imaging Solutions, through such measures as enhancing our product lineup and strengthening our solution sales structure, both black and white and color product sales increased in Japan and overseas. Sales of color MFPs rose significantly world-wide thanks to the contribution of the new-generation color MFPs. As a result, Imaging Solutions sales increased by 9.2% from the previous fiscal year to ¥1,580.1 billion.

The increase in sales of software and IT services due to the expansion of solution business. Sales of personal computers and servers increased slightly in the Japan market. As a result, Network System Solutions sales increased 2.0% from the previous fiscal year to ¥194.3 billion.

Following on this, sales in Office Solutions increased 8.4% over the previous year to ¥1,774.4 billion.

New color MFP products garner high marks world-wide.

On January 30, 2007, Aficio C2500 was named Pick of the Year in the multifunction copier category by Buyers Laboratory Inc. (BLI), a global office automation equipment evaluation agency.

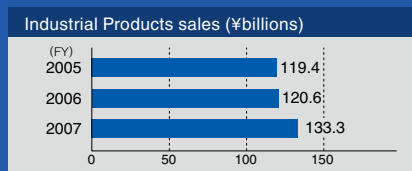

Also, in March, Aficio MP C4500 earned the highest score in the MFP evaluation category of InfoWorld magazine, a well-known business magazine for the American IT industry. With continued high marks, Ricoh MFPs are drawing ever more attention.

InfoWorld magazine, February 12, 2007, Issue 7

FY2007 overview

Semiconductor and thermal media sales showed a solid increase. Sales of measuring equipment, which entered a period of demand, also increased, and sales of electronic components were up over the previous year. Optical equipment sales fell slightly due to stagnation of demand. As a result, sales in Industrial Products increased 10.6% over the previous fiscal year to ¥133.3 billion.

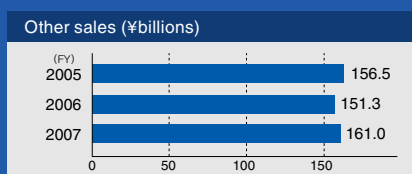

New thermal media plant established in Jiangsu Province, China

In order to strengthen production and sales of bar code labels and other high-value-added thermal media, whose Chinese market is growing rapidly, Ricoh established Ricoh Thermal Media (Wuxi) Co., Ltd. in February 2006.
