Earning the public’s trust
Activity reports from 3 perspectives: “environment,” “corporate social responsibility,” and “economic”

Being a good corporate citizen means striving to be a valued and respected member of society by contributing to its sustainable growth. To this end, the Ricoh Group believes in being outstanding in all areas of the environment, the economy, and corporate social responsibility as well as openly communicating its activities.

The Ricoh Group publishes information on its activities in reports written from three different perspectives: the environment, the economy, and corporate social responsibility. This report provides our shareholders, customers, and other stakeholders with information on our sustainable environmental management policies and performance in fiscal 2005 to facilitate a better understanding of what we do and how we work.

How to Obtain Ricoh’s Corporate Information:

Polar bears, among the largest carnivores that exist on land, are a potentially endangered species. The Agreement on the Conservation of Polar Bears was signed by the U.S.S.R., Norway, Denmark, Canada, and the U.S. in 1976.
Editorial policy of the Ricoh Group Sustainability Report (Environment) 2006

The Ricoh Group aims to promote sustainable environmental management that contributes to environmental conservation while generating profits. This report provides information on the concept of, and specific measures and activities for, sustainable environmental management as well as on environmental accounting in an easy-to-understand manner in order to facilitate communication with society and to earn its trust.

Target readers

This report is prepared for all present and future stakeholders of the Ricoh Group’s sustainable environmental management. Fiscal 2006 highlights are reported in “Feature Article: Sustainable Environmental Management in Action.” Activities in which readers might be interested are explained in the section FOCUS for effective communication.

Policy for information disclosure

Disclosing information worldwide

Environmental problems are a global issue, and therefore it is very important to act in close concert with the individual countries and communities in which the Ricoh Group operates in tackling environmental issues. This report describes the Ricoh Group’s sustainable environmental management activities that are based on global partnerships.

Disclosing financial information

To successfully carry out sustainable environmental management, the Ricoh Group endeavors to improve its management system by looking at all aspects of management from an environmentally-friendly point of view. The Ricoh Group identifies the effects and economic benefits of environmental conservation for each business unit and for the entire Ricoh Group and discloses relevant information through its environmental accounting.
